Dear New Patient,

A very warm welcome to you! We thank you for selecting our office to care for your dental health. Our dental team, lead by Dr. Fred T. Powers, Jr., strives to give our patients the best dental care possible in a relaxing and friendly atmosphere. Our goal is to provide you and your family with the highest quality dental care in a gentle, efficient and pleasant manner.

We take pride in our newly built office and offer the latest in dental technology and medical safety precautions. Our dental team is highly trained and will provide excellent care for you at each and every appointment.

Your first dental appointment will be with Dr. Fred and/or our Dental Hygienist usually. It will consist of a thorough ***Comprehensive Exam*** and ***Oral Cancer Screening***. We will take necessary x-rays and make an assessment of your oral condition. If it is discovered that you need any dental treatment, a treatment plan and estimate will be prepared for you prior to beginning any procedures. Please do not hesitate to ask questions about anything that is not clear to you.

We ask that you arrive 15 minutes prior to your first reserved dental appointment to allow enough time to process your paperwork. Kindly fill out our "New Patient Forms" which are downloadable from our website [www.powersdentistry.com](http://www.powersdentistry.com). For your convenience you can also submit your "New Patient Forms" online. If you have dental insurance, please bring your insurance card to your appointment. If you are unsure about the type of dental insurance you have, feel free to contact our office prior to your first visit and our friendly staff will assist you in obtaining your benefit coverage.

As a reminder, our office requires a ***24 Hour*** notice if you are unable to keep your appointment or need to be rescheduled to avoid cancellation charges.

We sincerely thank you for choosing our practice to provide you with quality dental care.

Sincerely,

Dr. Fred T. Powers, Jr.
